

## **3WARE SERIAL RAID TECHNOLOGY SHOWCASES AT STORAGE EXPO UK**

**Sunnyvale, Calif. and London, UK, October 17, 2007** – Applied Micro Circuits Corporation (NASDAQ:AMCC), the global leader in serial RAID storage, will showcase the industry's broadest offering of serial RAID controllers on stand 208 at Storage Expo, the UK's largest dedicated storage event. AMCC will partner at the show with aXstor, who will demonstrate their range of iSCSI storage solutions that benefit from the high performance of AMCC's 3ware® RAID controllers.

Visitors to the stand will learn about the new 3ware Serial Attached SCSI (SAS) RAID controllers, as well as the award winning 3ware Serial ATA (SATA) controllers. With both internal and external connectivity options, 3ware controllers maximize configuration flexibility, allowing integrators to select the best disc technology for their application.

At Storage Expo, visitors can also see a demonstration of the 3ware Sidecar desktop SATA II storage solution at the Bell Micro stand, number 545. This system offers high-performance external RAID storage for Windows, Mac OS X and Linux operating systems. The 3ware Sidecar offers industry-leading RAID 5 read and write performance; data protection with on-board battery backup; and is supplied by Bell Micro in several configurations that offer capacities from 1TB to 3TB.

**WHAT:** Visit AMCC at Storage Expo, the UK's largest dedicated storage event.

**WHEN:** 17th -18th October, 2007

**WHERE:** Stand 208, National Hall, Olympia, London, UK.

### **About AMCC**

AMCC blends system hardware and software expertise to provide the essential building blocks for the processing, moving and storing of data worldwide. AMCC's 3ware SAS and SATA RAID controllers deliver cost-effective, high-performance, high-capacity storage for enterprises and consumers worldwide in applications like disk-to-disk backup, near-line storage, network-attached storage (NAS), video, and high-performance computing. The company is headquartered in Sunnyvale, California and has offices throughout the world. Visit [www.3ware.com](http://www.3ware.com) or [www.amcc.com](http://www.amcc.com) for more information.
